Night in Trnovo battlefield was calm. "*Skorpija*", a unit of Ministry of Interiors of Serbia was replaced by a stand-by police squad from Banja Luka. The replacement went on without any problems. In the course of the day, we shall organise departure of a part of the Trebinje squad to the funeral of commander Zirojevic in Nevesinje. Dragan Zirojevic was the deputy of the late Nebojsa Sukic, and from Nebojsa's death he was acting commander of stand-by police unit with the Public Safety Centre Trebinje. We have not planned any further offensive actions for today.

Today, we shall make necessary reconnaissance and planning for assault on the p.e. Hum for tomorrow and after tomorrow. We expect enemy's assaults today in the afternoon hours.
